If this abandoned quarry belongs to the proponent the reclamation of the old abandoned quarry shall be carried out as per the norms fixed by the Director, Mining & Geology within one year, if not the EC given is liable to be cancelled	The existing abandoned quarry pit lying middle of the proposed quarry was functional only. The respective abandoned quarry was operational not under my ownership. The Kerala Minor Mineral Concession rules with provision of mining plan with systematic mining procedures came into practice only after 2015. Hence proper mining principles were not followed by the respective abandoned quarry and hasn't adopted any mine closure activity after its life of mine. Considering the above, to ensure safe mining activities for the proposed quarry, certain safe guard measures were proposed for the same. We hereby ensure that during the mine closure of the proposed project due consideration will be given to the abandoned pit.
